If you want, please elaborate your previous answer.
1 response

i am slow

What is your satisfaction related to the process of betatesting + feedback collection?

Copy

4 responses

Please elaborate your previous answer.

3 responses

we dont have many feedback, but we have quite a lot users

not easy to reach the required amount, mostly online engagement and not much of local engagement

Difficult to involve people

Are you facing any difficulty in the process of betatesting + feedback collection? If yes, please describe them.
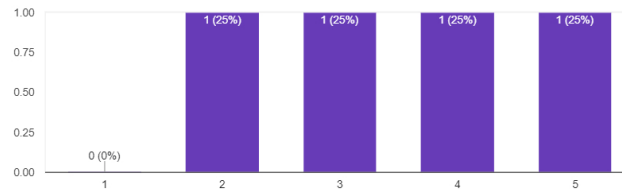

3 responses

technical difficulties with the app

We still need answers and it will get better

People can not open the app

What is your satisfaction related to the app as output of the project?

i like the app, but I am still not sure how well it is going to work

There are still bugs, different from how I imagined

Are the next steps clear?
